

# SERGIO ALLUSHAJ

JUNIOR FRONT-END  
DEVELOPER

## / ABOUT ME

I'm Sergio Allushaj, a front-end developer from Italy. I began my journey in front-end development with the goal of creating modern, responsive, and highly functional websites. In recent years, my interests have evolved to include UX/UI and graphic design, blending creativity with technology.

## / EDUCATION

### **DIPLOMA IN AUDIOVISUAL PRODUCTIONS IPSA GALILEO GALILEI**

Technical and theoretical training in photography and videomaking, with a focus on photographic language through the study of cinema, art, and advertising. Skills in using professional audio-video equipment and software for various audiovisual productions, including interviews, commercials, sports events, graphics, shows, and documentaries.

### **WEB GRAPHIC DESIGNER COURSE ACCADEMIA DELLE PROFESSIONI, PADUA**

05/2024 - ONGOING

I am currently expanding my skills in HTML5, CSS4, and JavaScript. During my academic journey, I study UX/UI principles to develop responsive and user-friendly web application prototypes using the Figma editor. Additionally, I am specializing in Adobe software such as Photoshop, Illustrator, and After Effects for graphic design and motion graphics animation.

## / WORK EXPERIENCE

### **CUSTOMER SERVICE STOREDEN**

12/2021 - 08/2022

Dedicated technical assistance to customers by providing support in case of bugs or errors on the Storenden e-commerce platform or the website. Modifications to websites using JavaScript, HTML, CSS, Twig, Bootstrap 4/5.

**JUNIOR BACK-END DEVELOPER**  
**ESOSPHERA**

11/2022 - 02/2023

Developed web applications using PHP with the Yii2 framework, relational databases, and PostgreSQL.

**JUNIOR FULL-STACK DEVELOPER**  
**W-EASY**

05/2023 - 10/2023

Development and maintenance of websites and management services for companies using the following technologies: JavaScript, HTML, CSS, and PHP.
